Farm Grade Trees

Contact us for availability on smaller seedling stock for bulk farm plantings.

2018 Tree Supply

Bare root trees for rural and urban landscapes.
From bulk supply for large scale plantings to instant advanced trees, we cater for all size properties.

Availability

Our trees are "bare-root" and only supplied from the 1st of July through to the beginning of September. Availability times may vary between tree varieties and must be confirmed prior to dispatch.

Enquiries

Telephone, email and fax enquiries are welcome all year round.

We endeavour to answer all general enquiries and we offer a comprehensive consultancy service for small to large scale site-specific projects. Please see consultancy details below.

Opening Hours

By appointment Tues. - Fri. from the 1st of July through to the beginning of September.

Open for browsing Saturdays 9am - 3pm, no appointment necessary. (Closed Sunday/Monday)

Cash & Carry

A selection of our tree range is available to browse and purchase in the dispatch area during our Winter season. Being a working farm, an appointment is necessary to ensure service.

Ordering

Trees may be ordered by telephone or email. You may wish to use the order form supplied.

Orders are taken year-round. We encourage getting in early as stock is often limited.

Order Confirmation

A deposit of 20% is required to confirm your order. Written confirmation of your order will be provided.

Order Pick-Up

Order pickup by appointment only. Tuesday to Saturday. Please provide a minimum 24 hours notice.

Will they fit?

You may be surprised by how compactly we can bundle your order as bare root trees nest together well and their branches can be tied up against the stems. Even a 3m tree will fit in most family-sized cars.

What to bring

The roots of bare-root trees should not be allowed to dry out. It is essential to bring some hessian, old cotton towels/sheets or other material that can be wet down to cover the roots.

If transporting in open utilities or trailers please bring a tarpaulin as a cover against drying wind.

Damp hessian bags are available from our nursery @ \$4 (+GST) each.

Tree Delivery

We can usually arrange delivery of your order. Where this is done by post or courier the tree roots are specially packed to ensure they will travel safely and will incur a packing fee of \$10 (+GST) per bundle. Delivery is charged as 10% of total order cost with a minimum delivery fee of \$55+GST. Delivery fees and times will vary depending on location. For larger trees and more remote areas, a special delivery will need to be organised by us and this usually incurs a 15% of total order fee.

Consultancy

Feeling unsure about where to start? Get it right the first time. We provide an on-site consultancy service. Make use of our decades of experience with tree planting, design, establishment and management.

Cost \$60 +GST /hr including travel (weekends \$80 +GST /hr).
